

Introduction

My name is Matt, I am a Designer currently living in Laguna Niguel CA. I have 18 years of experience designing and building websites and interactive applications. The past year has been spent working on a freelance basis, and before that I spent 9 years on an award-winning team of developers at Newsday.com. I design and build responsive websites and interactive applications. I have experience working on a variety of interactive platforms for desktop, mobile and television display. I have worked in a variety of different environments from large corporations to small boutique advertising agencies. I have excelled at delivering robust website projects under strict deadlines. I enjoy the pace and energy of a creative work environment and enjoy collaborating with co-workers and clients.
